

## RW 412 - RIGWASH

### GENERAL DESCRIPTION

Norchem RW 412 is a powdered free flowing heavy-duty detergent containing a complex blend of highly active surfactants and emulsifiers.

### ADVANTAGES

- Faster penetration and soil removal
- Non-flammable, non-corrosive and no toxic fumes
- Mixes easily with fresh or salt water
- Free rinsing
- Biodegradable
- Superior detergency

### USES

Norchem RW 412 is used to clean and remove dirt, grease and oil contamination from heavily soiled rigs, hoists, cranes, derricks, bulkheads, deck areas, galley equipment and etc. RW 412 can also be used as a powdered steam cleaning detergent.

### DIRECTION FOR USE

#### 1. **Rigwash.**

Depending on degree of contamination, dissolve 10 to 20 grams of RW412 per litre of water. Apply the mixture on surfaces to be cleaned with a brush or broom. Rebrush before rinsing off with clean water.

Alternatively, RW412 may be applied straight onto wet surfaces and proceed with similar cleaning instructions described above. The use of warm or hot water will improve efficiency and cut down cleaning time.

#### 2. **Steam cleaning / High pressure cleaning**

Depending upon severity of soil, mix 0.5 to 1 kg of RW 412 with 10 litres of water and charge solution into stock tanks.

### PRODUCT SPECIFICATION

Appearance	: White powder
Fire point	: None
Flash pt neat	: None
Flash pt solution	: None
Toxicity	: Low
Viscosity	: N.A.

### HANDLING PRECAUTIONS

Avoid prolong contact with solution. If liquid or powder gets into eyes, flush with plenty of water for 15 minutes and seek medical attention. Harmful if swallowed.

### PACKAGE

Supplied in 20 kg pail or 25 kg bag.
